Mr. Edward Wiers
Northland Express Transport

Dear Mr. Wiers

Twin City Foods have been associated with Northland Express for over 23 years. Throughout the years you have always provided excellent service and have been able to adapt to our ever changing lanes and markets. You have been handling a large amount of our frozen loads every week year round. Truck availability has always been at the utmost importance to us and all year long Northland consistently comes through.

The Northland staff has always been professional and conscientious. With the experience of your staff, and the way you truly care about your commitment to us I just wanted to let you know how much you are appreciated here at Twin City Foods and look forward to many more years of successful business.

Sincerely,

Twin City Foods, Inc.

Rob Watson
Manager, Traffic and Distribution
